

Updating copyright blurbs

Framework

- [Python script: update-copyright](#)

You need to format your copyright blurbs in a certain way to have update-copyright.py updating them automatically. Side effect: the person who does this will appear as author of all the files they modified.

Adding Fortran support

[update-copyright-fortran.patch](#)

```
diff --git a/update_copyright/project.py b/update_copyright/project.py
index 6a4e3a8..79f7fea 100644
